## How To

# Open an Inspection from the Cloud on the App

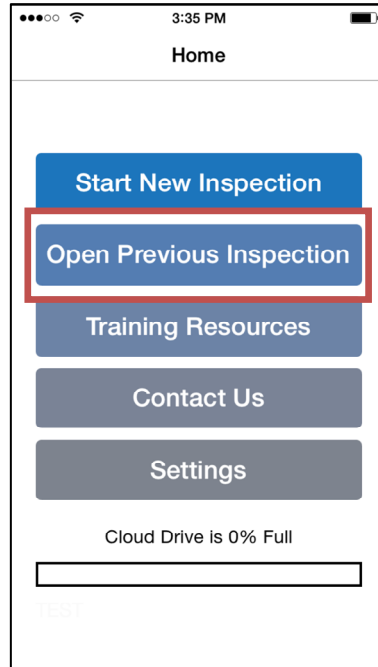

*This How To article explains how to open an inspection from the cloud on the app*

For a complete list of available How To documents visit the Support section of our website: [www.inspectoride.com/support/](http://www.inspectoride.com/support/)

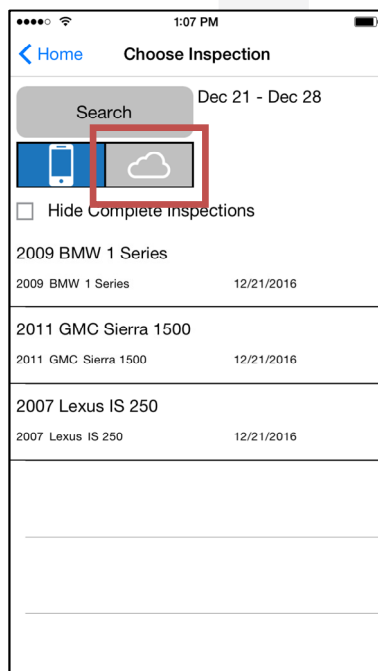

# HOW TO: OPEN AN INSPECTION FROM THE CLOUD ON THE APP

**You can open a previous inspection that is on the cloud drive on the app. Below are the steps for doing this.**

1. First, open the InspectARide app and tap on the 'Open Previous Inspection' button on the home screen.

2. This will bring up a list of your recently worked on inspections on the local device. To open an inspection from the cloud tap on the cloud button.

# How To: OPEN AN INSPECTION FROM THE CLOUD ON THE APP

- This brings up the list of inspections on your cloud. Simply tap on the inspection you want to open.

- A copy of the inspection has been downloaded to the local device and the inspection is now open.
